Coaster Speed

Instructions

- Create a visualization with two line plots using the following data:

  - `Danger Drop: [9, 8, 90, 85, 80, 70, 70, 65, 55, 60, 70, 65, 50]`

  - `RailGun: [75, 70, 60, 65, 60, 45, 55, 50, 40, 40, 35, 35, 30]`

- Both coasters are 120 seconds long and the speed was measured every 10 seconds.

- Apply styling and labels that match the image provided.
